Coaches Comments

Men's Basketball-Brandon Horman and Stu Ordman. Coach Horman states he appreciates all the work the Jefferson Booster Club does. He received lots of compliments from attendees at the J-Hawk Jam, visitors appreciated the fair price of our concessions. Coach Ordman also wanted to thank the booster club, not just for the J-Hawk Jam, but that event is a nice showcase of Jefferson, He also wanted to note that in his 17 years here at Jefferson, with three different activity directors, thank goodness for the booster club. "Your work is the foundation of Jefferson, you and the faculty."

Bowling-Assistant Coach Matt Fowler. Coach Fowler said he is seeing some improvement in the girl's team, this is a rebuilding year with only two returning varsity players. Coach Fowler said Virg is a great coach who can make nothing into something. They are hoping to make some noise as the season progresses. They started with 11 girls and now have 13, which is still lower counts than normal. The boys team numbers are also down this year. They've really developed into a good team and this could be the year to do something. Districts will take place in February and it's very possible for the boys to get a state title.

Activities Director

Mr. Deam didn't have a lot today. Next month he plans on having more information on the conference he attended.

He said some of the sports teams are doing really well this year. The basketball teams seem to be struggling at times.

In about a week or so, they will be releasing the teams that are in our district for the new format of district football, however they won't be releasing a schedule yet. There is still a lot that's undecided, but Mr. Deam is optimistic.
