The concession stand spreadsheet for 2013-2014 school year has been completed. It was discovered during the meeting that the July 18 baseball substate game will need to be added. There were a total of 600 volunteer spots at the beginning of the year. A total of 657 spots were filled after playoff games and such were added. Some sports did not fill their quota. No shows were noted on the report. It's also noted there were over 917 hours for stand managers and regulars that worked and didn't get credit because they aren't tracked on that spreadsheet.
